<b>CODE: 34.510</b>	<b>DICAR 510 FINE CUT</b>
<b>DESCRIPTION</b>	<p>Fine cut Abrasive Paste for car refinish, formulated just to be used in polishing process on fresh or not fully cured surfaces or as final step after using Dicar 500 high cut abrasive paste.</p> <p>It removes finer sanding scratches and swirl marks ensuring an excellent, homogeneous and high-gloss finish.</p> <p>Versatile for hand or machine application.</p> <p>Main characteristic which differentiates this paste from others products on the market is its capacity in reducing the polishing time after sanding, using one only product, getting a shining surface without holograms.</p>
<b>OTHERS CHARACTERISTICS</b>	<p>Water soluble</p> <p>Odourless</p> <p>It does not leave holograms</p> <p>Ecological</p> <p>It does not contain silicons / masking waxes</p>
<b>APPLICATION METHOD</b>	<p>Apply on soft wood pad (suggested) or medium-high hardness foam pad and start polishing.</p> <p>Keep low speed to do not warm the surface by crosswise movements until the required result is obtained.</p> <p>The last application must be done with higher speed to use all paste residuals.</p> <p>Clean the surface with a microfiber cloth.</p> <p>We suggest to complete using our Polish.</p>
<b>PROCESSES</b>	<p>Step 1 analyse the superficial defect and conditions of the surface</p> <p>Step 2 surface preparation</p> <p>Step 3 choose polishing process</p>
<b>PACKAGING</b>	1 liter
<b>BOX</b>	12 x 1
